Our Story | Humble beginnings, setting a benchmark, learnings, and beyond

Bhagyesh Automotives, previously known as Sagar & Rohit Engineering Industries, is an ISO 9001:2015 certified manufacturer of precision sheet metal stamping components and welded assembler based in Jalgaon, Maharashtra. Ever since its inception in 2003, Bhagyesh Automotives carries an experience of 18+ years of being a profound precision component maker.

Our humble beginnings in crafting Brake Shoe initiated with a manufacturing volume of **2 lakh units per month**, which scaled to manufacturing **10 lakh units per month**.

Counting today, our resources mark a capacity of delivering an output of **15 lakh Brake Shoe, per month**, driven by sheer precision.

Founding Stone

Under the honourable leadership and determined elemental philosophy of Mr. Nitin Mahajan, Bhagyesh Automotive has lifted the crown of pride in the industry.

Mr. Nitin's sharp business acumen, an analytical mindset, and decisive plan of actions are the elements of pride for the organization.

Acing the graph

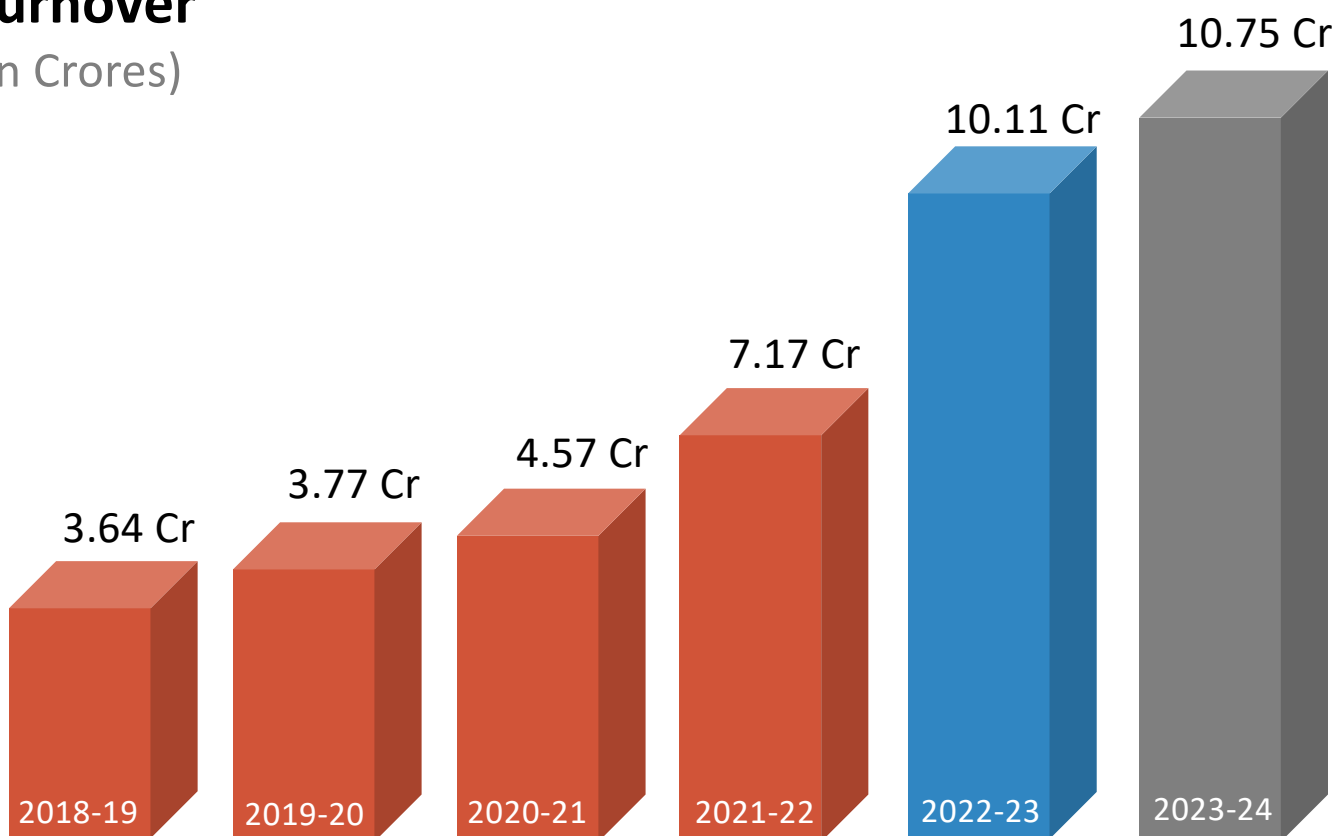

While our roadmaps are clear, we have made sure to achieve the finance goals since years. All this helps us stay confident with a **future-proof** mindset.

A strong organization works with a dedicated strategy.

Ours is backed by a stronger financial graph to project a growth enabled decade, and add more infrastructure, enabling our wings to fly effectively in the market.

ONWARDS & UPWARDS

TATA MOTORS

Brands we've worked for and with, as of Mid-2022

Ever since our formation, we have been catering closely to Kalyani Brakes Ltd., which is now renowned as Hitachi Automotive Systems Ltd. In our experience of 18 years, we've honed the craft of manufacturing and essentially supplying Drum Brakes Assembly for brands like – **Maruti Suzuki, Toyota, Tata, Nissan, etc.**

It's a matter of pride for Bhagyesh Automotives to be a part of such big corporations and being able to assist these change makers in the industry.

Our Craft

Specializing in manufacturing quality oriented Stamping Parts and Drum Brake, we are investing hugely every year in the resources. Right from manpower, to cutting-edge machines that allow us to handle bulk orders and provide time deliveries.

We have been registered as a SSI unit, and we are now marching towards the Medium Scale Industry.

The Range

Facilities

We have immensely garnered our infrastructural unit with modern and upgraded equipments which allow us to handle a huge range of qualitative product manufacturing.

As far as equipment maintenance is concerned, we believe in staying up-to-date with the technicals, ensuring that the machinery performance on an optimum and efficient level.

We run with culture and ideas
and are driven by possibilities

Areas We Excel At

We believe every human resource is a unique asset. At Bhagyesh Automotives, we work towards providing a balanced work environment to our resources which leads to bringing out best of their craft and capabilities.

Our workforce is driven by environment-friendly approach as much as possible, which leads to a sustainable ecosystem.

This drive leads to a constant improvisation in terms of waste management, promoting resource and energy saving culture even at basic unit level.

We the people

The Team

Our highly experienced team of professionals help the organization with offering finest quality products which go hand-in-hand with compliances standing along the international quality standards.

With the team's solid craftsmanship, meeting the variegated requirements of our valuable clients becomes a lot easier. We have selected these professionals on the basis of their experience and expertise.

In order to keep them updated with the latest industry requirements, we regularly conduct various training sessions, seminars and workshops.

Core Pillars

Nitin Mahajan

Founder

Rohit Mahajan

CEO

“

Sharp craftsmanship and strong people management is like a bloodstream at Bhagyesh Automotives

Why Us?

Carrying a strong vision, we at Bhagyesh Automotives take pride in our qualitative range of products manufactured and crafted using sophisticated machineries, proven inspection procedures, and a highly qualified workforce.

Our resource capacity, both machinery and human workforce, allows us to deliver in lowest mean time and handle bulk orders with ease.

The Bhagyesh Automotive Pledge

Quality Assurance

Being a quality conscious company, we make sure the quality of each and every product is precise and goes well with the industrial standards.

Our quality control and assessment division monitors every nook of the manufacturing process with a top-bottom approach and keen eyes towards precision.

Every raw material is rightly procured and sourced from quality and reputed suppliers carrying a respectable amount of experience.

Right from the selection and procurement of raw materials to the dispatch of finished products in the market, we assure every process is monitored well enough to match with the vision we carry.

Key Strengths

- A continuous improvement principle
- Transparent operating procedures
- Cutting edge perfection onformance
- Ensured delivery time
- Capability to handle bulk order

Recognitions & Appreciations

Our Badge of Honour

We have been appreciated and certified by
'Foundation Brakes Manufacturing Ltd'
(Now known as **Hitachi Automotive Systems**)

Furthermore,
we recently were accredited as a

'Green Category Tier II Supplier'
for the third consecutive time
for **Maruti Suzuki India Ltd.**

Since quality is
our baseline,

**We Are An
ISO 9001:2015
Certified
Company**
